IN NEIGHBORING COUNTIES.

Thornton Kemper, of Boyle, is wearing a pair of boots that he has worn or fit winters.

The Laurel Baptist Seminary, of London, is so full that an annex will have to be built.

Belle Bowling was appointed postmaster at Dewitt, Knox county, vice J. H. Warren, removed.

Fire destroyed the houses of J. W. Caskey and James McCormick at Junction City, causing a \$1,200 loss.

The widow of Col. B. E. Caudill died at Harboursville Tuesday. Her husband was a gallant Confederate soldier.

Dr. W. A. P. Martin, a hero of the siege of Pekin, left Danville Wednesday on his return to China, where he will resume charge of the Imperial Tung Wun University.

Robert L. Rubards committed suicide by hanging himself in his barn in Boyle county. Bad health is given as the cause of the act. He was 56 and leaves a wife and four children.

Julius Webb, in jail at Manchester, on a murder charge, was shot through the head by an unknown assassin while talking with Jailer Cundiff, and is reported to have died shortly afterward.

The Columbia Spectator has changed hands. W. D. Jones retiring from the editorial management of the paper and T. A. Murrell succeeding him. The Spectator will continue to be Republican paper.

All persons living on the route can have their mail delivered to them by making application in writing to the postmaster and fixing at their gates a suitable box to deposit the same in.—Danville News.

As a result of a local election held at Corbin January 22, in which the "wets" were victorious by a majority of 42, a saloon was opened there Tuesday. "Brit" Farris of Grays and Tom Elliott, of this place, are the proprietors. Another saloon will be opened about March 1, and probably a wholesale liquor establishment will be opened in the near future.

The most important case to be tried at the Russell circuit court this term is a suit to establish the will of Bryant Nelson, a bachelor, who died several months ago. In his last illness he wrote a letter to Miss Jane McWilliam, as she claims, stating that at his death he wanted her to have \$2,000 of his estate. He had been paying his respects to her for many years. The brothers of Nelson claim the letter is a fraud.

Mrs. W. M. Guley, of Lexington, who was a daughter of Thomas Woolfolk, of Garrard, died of consumption after two years' illness. The leader says she was a woman of rare christian virtues and kindly and lovable disposition. Rev. I. J. Spencer preached the funeral sermon at night so that the cortege could get an early start on the drive through to Lancaster, where the remains were interred.

A man of statistical mind thus tabulates the various ways in which lovers believe in popping the question. In 100 cases where the proposal was accepted no fewer than 67 kissed the lady and began all of a sudden. 81 declared they could not live without her, while 72 held the girl's hand and 36 took her in their arms. 26 lovers sat down to put the question. Four fidgeted about with their handkerchiefs, which three afterward required to wipe away the tears of joy. Three stood on one foot, three reclined on the grass. Four thought it necessary to go down on both knees, but twice as many knelt on one. In 32 cases no kissing took place. Only four kissed the girl on the cheek, but 10 saluted the fair one's curls. Three kissed her eyes, two her hands, one the top of her head, one her nose by mistake, and one her shawl. Acceptance of the proposal caused a lump in the throat of the 13 lovers. The same number had qualms of conscience, while five had eyes calm and clear. Nine declared themselves the happiest men alive. Seven were deliriously happy, but five were too full for utterance.

The largest dwelling house in the world is the Frohman, in a suburb of Vienna, containing in all between 1,200 and 1,500 rooms, divided into upward of 400 separate apartments. This immense house, wherein a whole city lives, works, eats and sleeps, has 13 court yards, five open and eight covered, and a garden within its walls.

MT. VERNON.

Will Krueger is very ill.

The doctors here are continually on the go. Much sickness throughout the county.

Our people appreciated the editor's write up of our town, which appeared in Friday's issue.

The Livingston correspondent to the Mt. Vernon Signal is a corker from away up the creek.

The grand jury found no indictment against H. Cox in connection with the alleged murder of Henry Idol. He was released.

As we are afraid of getting into trouble after the manner of a fellow interfering where a man and wife are fighting, we will keep mum on this spitting business between the I. J. and Central Record.

Parson Smith, better known as "Coal Oil Johnnie," has announced his candidacy for county judge and is being pushed for that position by Theodore Wesley, the druggist, and S. C. Franklin, the jeweler.

Among the 1,700 emigrants, who came on the ship on his return from Germany two weeks since, Fritz Krueger says there were but two Germans. On the voyage one birth and two deaths occurred. The dead were consigned to the waves.

The Whitley County Telephone Co. has most of its poles set between London and Williamsburg. They will continue the line on to Jellico, where they will establish an exchange. Central Kentucky will have connection with the latter place and intermediate points over splendid wires, by or before May 1st.

The writer's surname is spelled with five letters. In his correspondence during the last 30 years he has received communications among which the spelling of the name was varied 33 separate and distinct ways. Were it not for exhausting all the cap mas in the printer's case we could give a list, but we refrain, which will likely prevent the loss of a portion of the typo's religion.

Indications are very favorable for the early development of the vast coal fields and timber region in Eastern Rockcastle. There is no doubt of the branch railroad being built from Brush Creek station up the creek of the same name to Jackson county, a distance of 10 or more miles. Mines are already being worked and coal hauled by wagon to stations at a fair profit. This branch road will be of vast benefit to this county.

The article in your last issue, "What is a Convent School?" and signed by "A Lincoln County Student," indicates that said student is a Catholic. Let us say there is some good in every church and some things that are not endorsed by all. We have met Masons in our travels eastward, whom we are convinced were honest men, yet there is a church organization which we are told teaches the doctrine that members of the latter craft will have no portion of the pleasures beyond this vale of tears. Is a great old world anyhow and every person should be allowed to take the route which he thinks is the best for his salvation. Do all the church denominations endorse this privilege? If not, why?

Thirty years ago Frank Ramsey, a farmer boy, left Rockcastle, the place of his birth, with a few dollars in his pocket, for Lexington, where he remained a few years and pushed on to Crawfordsville, Ind., where with his savings he entered the mercantile business. Today he is president and main stockholder of the leading bank of his city, owns several stock farms, many houses and lots, is president of an insurance company; president of the Home Independent Telephone Company and vice president of the National Long distance Co., covering his State. He is a worker. In his success and prosperity he never forgets his Rockcastle relatives who need his assistance. They not only get his good advice but financial aid along with it. A late issue of the Indianapolis Press gives his picture along with other independent leaders in telephone work.

E. B. Brown, formerly of this place, but now of Lebanon Junction, reports the arrival of a daughter, J. J. Lawrence and wife are here from Guthrie, to see relatives and friends. The family of Reuben Mullins has had from one to four sick for the last two months. Three of them are now on the convalescent list. W. G. Nicely, of Hansford, is in Knoxville. Miss Beale Miller is seriously ill. Jack Fowery, of Level Green, has returned from Harboursville, where he assisted M. F. Elkin in organizing a Maccabee tent of 51 charter members. Dr. E. J. Brown was here Monday. Theo. Westley, the druggist, has had a siege of grip, but is able to be around. The wife of J. J. Wood, deputy sheriff, is some better. An infant of W. T. Davis died Tuesday morning. The new lessees of Pine Hill mines are doing a good business. Mrs. Purdon is ill. Mrs. D. C. Poynter, who has been ill a long time, is no better. The 11-months-old boy of D. S. Purdon has scarlet fever. James Landram, railroad agent at this place, is yet at Pittsburg with his mother, who is quite ill.

Fish, Add Myers, George Severance, Marshall, Jack and Tom Moore, Jesse Tyree, Wm. McClure, Judge John Fish, Kintley and James Bathurst, Willis Adams, Sr., Jake Cash and W. P. Crook, Frank McClary, Wm. Albright, Sr. and Jr., General Lee, Rev. B. B. Van Nuy, James G. Carner, T. K. Adams, Jesse Fish, Dr. J. J. Brown, Geo. B. Bragg, Tom Clark, Moses Langford, Durrell Cress, Andy Baker, J. T. Stephens, Emmett and Squire Snodgrass, Wm. L. Henderson, Rev. James Chestnut, John Riddle, M. P. and Robert Newcomb, Dr. Joplin and a host of others who have answered death's roll call.

BRODHEAD.

R. Cass. R. H. Hamm went to Louisville Tuesday night. Gordon Bain, of Harboursville, was in town Monday. John and Charlie Pike, two sons of Bro. Pike, went to Louisville Tuesday. Lee Roberts went to Louisville Tuesday. Bro. Pike went to Gilead church last Friday night and returned Monday. Mrs. W. G. Tharp and Mrs. Mary Colver, both of whom we have reported as being sick for some time, are no better.

I have been attending court at Mt. Vernon for a few days and I must confess that I was much surprised at the wonderful amount of whisky that is being sold in our county and delivered at Mt. Vernon through the jug system. Our county is a local option one and under the law no man can sell the stuff, but because it would be against the law and the will of the majority of the people. And yet under the recent decisions of the courts men in other counties can and are allowed to ship it into our town and we are compelled to suffer the results. It is an outrage on our people. We have said by our vote that no man can come into our midst and open a drinking place and sell to our boys and children poison drinks. We have a right to say so and we say so because we see its evil effects, and yet under the recent decision of the highest court, we are compelled to allow a man at Crab Orchard or some other place out of our county to sell and ship C. O. D. to our boys and neighbors that poison that begets recklessness, carelessness and utter indifference to and disregard of the rights, the interests and the happiness of others. The reason we oppose it so much is that it invites, encourages and necessarily develops all that is base, degrading and dangerous to man. It is a nursery for the development and growth of those wicked practices which lead to the crime of gambling, robbery, arson, perjury, murder and every sort of public crime. Now we say that any man who enters this unlawful business in our county does it with his eye open and he knows that he is engaged in a business that our law forbids; he is fully advised of the risks and danger he assumes.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. O. D. Glass, an employee of Bartlett & Dennis Co., Gardner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the drug store of Mr. Houlahan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by Craig & Hocker, Druggists.

It is figured that 115,200,000,000 matches are burned in this country every year. If these matches were placed end to end they would make a line 4,000,000 miles in length, or 170 times around the world. As another illustration of the enormity of the output it is said that the matches made in a year would make a belt 15 inches in width once around the globe. In the manufacture of these matches 40,000,000 square feet of lumber one inch in thickness, 3,500,000 pounds of brimstone and paraffine and 6,000,000 pounds of chemical compound are used. In order to box the matches it is necessary to cut up 8,000 tons of strawboard.

Last year the total number of new books published in the United States reached 6,356, or 653 more than in any previous year. There were 662 new editions of old fiction and 616 new novels, showing a decided reaction toward novels of established reputation. A special feature of the year was the release of celebrated books in fine and carefully edited editions.

E. C. WALTON.

The Office Of Magistrate.

ONE of the most important offices in the county is that of magistrate, but as there is little pay attached and very few perquisites, it is often permitted to go begging, and but little attention is paid to it. Oftener than otherwise it is a question of who will have it, instead of filling it with the best material obtainable in the district. Second only in importance with the county judgeship, it frequently happens that upon a magistrate devolves the duties of that office, when the judge is ill or otherwise incapacitated.

The law requires that a county judge shall sit in the examination of murder cases, yet if from any reason he can not do so, the nearest magistrate is, by a provision of the law, compelled to fill his place, if there is no reason that he should not. If there is, then the next nearest and so on.

The four magistrates in Lincoln county constitute with the county judge, a fiscal court which levies the taxes and provides for the manner in which they shall be appropriated. This alone is a great responsibility and should not be exercised except by men of sense and excellent judgment. This court decides how the roads shall be kept in repair, who shall manage them and what the cost shall be, what bridges shall be built and so on. The county buildings are under its direction and it can order improvements or changes involving thousands of dollars of the people's money and do many other things that the execution of should be entrusted only to men of good business qualifications, thorough knowledge of affairs and full interest, pecuniary and otherwise, in the welfare of the county.

There is hardly a possibility that with a good judge, the magistrates could wreck a county, but it might be in the power of ignorant or vicious men to do so. Frequently there comes before magistrates in their local capacity, questions of much importance and to their judgment is left matters that affect one's liberty as well as his property rights.

We might give many other reasons why only the best men should be chosen to the office of magistrate, but we hope the ones suggested are sufficient to arouse the people to the importance of putting only capable, honest and true men on guard and that they will act accordingly.

"If new and true, not otherwise," is the alleged motto of the Louisville Post, but when it prints such a paragraph as this in its so-called Washington dispatches, it proves that it is a stranger to truth and is reckless as to novelty. Here's what it says: "Senator Deboe made a conclusive and exhaustive argument favoring the construction of the Nicaragua canal." Can anybody, who knows what a fatwilted and ignorant individual the misfit Senator is, stretch his imagination to the point of believing so preposterous a proposition?

NOTWITHSTANDING he was turned down by the court of appeals, Judge Evans instructed the Federal grand jury to continue to indict so-called election offenders, that they may not escape punishment by a lapse of time, should the supreme court fail to affirm the decision against him. Such soreness over being thwarted in his partisan effort to punish democrats for exercising constitutional rights might be expected of ordinary mortals, but a man of immaculate purity like Judge Evans should be shy of exhibiting it.

IT is stated that Philip C. Knox, of Pittsburg, who has been the principal legal adviser of the Carnegie Steel Co. for several years, will be appointed attorney general of the United States to succeed Attorney General Griggs, if there is no change in the present plans of the president. There will be no change, Mr. Knox being identified with the trusts will make an ideal attorney general, according to the president's estimate of an ideal.

THE Lexington Herald at last admits Caleb Powers' guilt and there is hope for Col. Billy and 'Sba yet. The paper declares editorially that disguise is a confession of guilt and as Caleb was disguised when arrested at Lexington, of course he is guilty. Believing Powers guilty Col. Breckinridge owes it to the State that has honored him to assist in a vigorous prosecution in the event the court of appeals grants another hearing of the Powers case.

THE republican committee in Martin county is wise in its day and generation in requiring so-called democrats who desire to participate in the republican primary to swear that they voted for McKinley before permitting them to do so. The democrat who says he voted for McKinley at the last election should not be believed except on oath and precious few of them after one goes through the formality of making one.

THE president has nominated Gen. Shafter to be a major general on the retired list. He was major general U. S. V.

THERE are two reasons for referring the Ship Subsidy bill to an extra session. One is that the present session won't consider it and the other is that Terrible Teddy, who will be the presiding officer of the new Senate, will be able to force it through; owing to the reputation he has made by a strenuous life, that he is a bad man. In other words it is relied on that he may cut off debate with a bowie knife and shoot the light through the first Senator who doesn't see things as he does.

POLITICAL.

Washington county democrats nominated G. A. Deboe for representative. A democratic ticket has just been nominated in Washington county by a house-to-house primary.

United States Minister Conger estimates the total demands for indemnity upon China at \$400,000,000.

A recent census bulletin shows the population of Nevada to be only 42,335, a decrease of eight per cent, since 1890, and yet Nevada has two senators and one representative in the congress of the United States.

By a change in the river and harbor bill, the big appropriation of \$327,000 for the Licking river is entirely stricken out. The Big Sandy river, which was allowed only \$3,000 in the House bill, gets an appropriation of \$122,500.

The secretary of State decides that the ballots for the primary elections shall be of the same quality as provided by law for regular elections and that they be preserved, but the political party holding the election must furnish them.

Those who oppose the appointment of Judge Tinsley, as district attorney, urge that his resignation as circuit judge will create a vacancy to be filled by Gov. Beckham, who will appoint a democrat. This may defeat Tinsley, who seems to have had a clinch on the job.

The appeal for \$100,000 with which to endow a chair of economics in Washington and Lee University, as a fitting and fittest memorial of the late William L. Wilson is one that should fall upon glad ears and generous hands. Grover Cleveland and others sign the appeal.

Phillip J. O'Connell, Democrat, was elected Mayor of Worcester Mass., over William A. Lytle, Republican, by a plurality of 511 votes. The election was necessary to decide the vote of 8,061 between these two candidates at the regular election last December. O'Connell's election is one of the greatest victories the Democrats have ever had in the state, as he is the first Democrat Mayor ever elected in Worcester.

About 1,200 cattle were on the market at Mt. Sterling Monday; quality medium; trade a little slow, buyers saying prices were too high. Good feeders sold at 44c; yearlings at 4 1/2 to 5c; bidders, 3 to 3 1/2c; cows, 2 1/2 to 3 1/2c. Most of the cattle were sold at so much per head. Good mules sold from \$80 to \$110. Lexington parties bought about 35 at from \$85 to \$150. Good many other sales at about these figures.—Sentinel-Democrat.

He says his son is a handsome, fairly well dressed boy, of good address, and has dark hair and eyes. He will appreciate hearing from any one who has seen him.

J. C. MCWHORTER, of Crab Orchard, has withdrawn from the race for assessor for reasons satisfactory to himself. He is very thankful to those who pledged their support and helped him in his race and hopes his friends will vote for the strongest men for the various county offices, regardless of personal friendship. Mr. McWhorter is a tried and true democrat, who can be depended upon at all times to help the party and be as many friends who will regret that his name will not be on the ballots.

SINGULAR.—J. S. Rice, express agent here, received yesterday from the Berkeley Bible Seminary at Los Angeles, Cal., a deed signed with the name of Miss Mary Myers transferring to a house and lot of four acres in Stanford, half interest in 114 acres of land on Dix River and half interest in 11 acres adjoining it, it being all of her real estate, and asked that it be recorded and returned at once. It is dated Aug. 29, 1896. In her last will and testament, Miss Myers says if she signed such a paper, she has no recollection of it, but that she frequently signed papers that her agents and attorneys asked her without reading them. A contest will likely result.

NOT AFRAID OF SUITS.—Although there is a damage suit pending against him for \$1,000 for taking out windows and thereby giving the renters of his houses colds, Tommy Ball took off the doors and windows of two more of his renters Wednesday, cold as it was. Under a contract signed, sealed and delivered his renters agree to such performance if they fail to pay their rent when due and demand is made, the instrument reading as follows: "I hereby give said Ball full and free permission to take out any windows, sash, or hillocks, and to take off any doors, plank, or boards on said premises hereinafter rented, and if said Ball should see fit he may even take off the roof of said premises or house which I now rent should I fail to pay over due rent or fail or refuse to move when requested."

Rev. R. B. Mahony will fill the pulpit at the Baptist church Sunday morning.

Rev. J. B. Crouch, the pastor, will be in Louisville that day.

Cumberland Presbyterians are raising money to build a church on the spot of land which stood the humble house of the Rev. Samuel McAdoo, in which was organized in 1810 the Cumberland Presbyterian Church.

China has submitted to the Powers the following in lieu of the demands, which will be agreed to: "Gen. Tung Fuh Sian, to be degraded and deprived of his rank. Prince Tian and Duke Lan to be disgraced and exiled. Prince Chaung, Ying Nien and Chap Shu Chiao to commit suicide. Hsu Chen Yu, Yu Hsien and Ki Hain to be beheaded."

A FEW days more of cold weather will exhaust our supply of coal. J. H. Baughman & Co.

THIS is the birthday of George Washington, who was born Feb. 22, 1732, and died Dec. 14, 1799. His last words were "I die hard, but I am not afraid to go." The post-office and banks are celebrating the day.

A MAN without legs is running for assessor in Caldwell county. He would stand a poor show in this county, where the dozen or so gentlemen who aspire to that office pray nightly for more legs that they may be enabled to visit the dear people more frequently.

BOSLEY CONVICTED.—John L. Bosley, formerly postmaster at Paris, was convicted in the United States court yesterday of embezzling \$383.12 of the money order funds of the office while in charge. He is liable to a penitentiary sentence and a heavy fine. Judge Evans will not sentence him until later. Bosley expects to appeal. When the jury brought in its verdict there was an affecting scene between Bosley and his wife. Both wept bitterly. The marshal had to escort them out of the court room. The verdict of guilty was unexpected, and it is safe to say that Mr. Bosley had the sympathy of everybody in the court room even the district attorney, who is said to be a friend of his. Bosley has many friends who will grieve that the jury ever thought him technically guilty. Sherman Stivers, Bosley's assistant, was acquitted.

MATRIMONIAL.

John Farris and Miss Julia Noake were married at Mrs. Lizzie Noake's Thursday.

John Privett and Miss Nannie Barton were made one at William Burton's Thursday.

John A. Dishon and Miss Mattie Kidd, both of the East End, were married at James Cummins yesterday.

Charles Martin and wife, of Ames, O., have just been married for the third time, having been twice divorced.

Matthew Murphy, of Casey, and Miss Martha Mercer, of this county, were pronounced husband and wife by Judge Bailey at the court-house Wednesday.

He had been devoted to a pretty girl for some time when he read this advice to a young man: "Before marrying a girl look her mother over." He did so, with the result that he married the mother.

H. Allen Hush, of West Point, this State, and Miss Estelle Rockefeller, of Chicago, were married at Union, N. Y., by means of a photograph, because the bride was quarantined in a relative's home with diphtheria.

The engagement of Miss Annie Depew Paulding, niece of Senator Depew, to Lt. John Edie, of the navy, has been broken off by the Senator, who refused to state why. The tresspasser had been made in Paris and is now on its way to this country.

This bill has been introduced in the Connecticut Legislature: "Every bachelor who shall remain unmarried at the age of 40 years shall not thereafter be allowed to enter into any matrimonial alliance except upon the payment to the State of Connecticut of the sum of \$100."

In the Laurel circuit court Mrs. Sarah Boreling was granted a divorce from Congressman Vincent Boreling, was restored to her maiden name of Randall, but was denied alimony. O. H. Waddle, of Somerset, acted judge.

Judge James D. Black, of Harrodsburg, and Hon. W. R. Ramsey represented the plaintiff, while the defendant was represented by Judge J. H. Tinsley, Senator Ed Barker and Chas. R. Brock.

At a double wedding in Kingston, N. J., John Voorhees and his son, John, Jr., two wealthy farmers, were wedded to two sisters, the father marrying the younger. Relationships resulting from this marriage are causing much comment. Mrs. Voorhees, Sr., is the mother-in-law of her elder sister and will be at once aunt and grandmother of any children born to Mr. Voorhees, Jr.

Mr. Voorhees, Sr., becomes father-in-law to his sister-in-law, and any male child he may have will be half-brother to his own uncle by marriage, Mr. Voorhees, Jr.

Poetical Wanderings.

BY JOHN NEWLAND.

While wintry blasts blow fierce and cold
Along these mountain sides,
And nature turns the wheels of time
To meet old winter's stride
As o'er the earth he moves with stealth
And leaves a freezing track
I sit and think, that of my health,
And ask, will I get back?
Mid blaring fires and snow-capped hills
This little hamlet stands
And does its part in nature's mill
Although so few its hands
I wonder, if, as time rolls on,
And towns are built and fall,
This place will grow, or backward go
To a place in memory's call.
Now memory, it seems to me,
Is likened to a ball
On which events in life are wound
So that we may recall
A place or time, a joy or grief
That makes our lives so sad,
Or joyful, as the case may be,
The worst is not so bad
The beautiful is on the ground
And makes a scene sublime
The towering cliffs the vine-clad hills
They look as if a crime
Committed by them in the past
Against nature and her love
Brought vengeance in the form of snow
Over paths that nature trod.
On man a blessing is bestowed
By nature in her wrath
Health, happiness the snow brings forth
And places in our path.
Yonder, where the snow grows thick
Oh! I clap my hands with me in joy
For this must welcome snow.
The wildest winds their wintry howls
Oh! I hear in mournful cry
The night-birds scream, as if alone
They're left to starve and die.
The howling of the wind drowns
The rumbling of the cars.
"Night draws her sable curtain down
And pins it with the stars."

I thought a few items from this metropolis of Lincoln county might interest your readers.

Candidates are with us almost daily and they all claim their prospects are bright.

Mr. Alexander Andrew, of Central Iowa, is here prospecting, with a view of buying a farm.

Our land agent, J. H. Daigh, says real estate is advancing every day and his sales are many.

We have many new buildings and several contemplate building. R. D. Padgett has added a new addition to his dwelling and built a new barn. Dutch Gooch has begun work on a big house in the South end of the town and later on will likely build a barn.

Mr. H. H. Singleton has completed and moved into his commodious dwelling. Mr. Bonta, of Burgin, was here last week inspecting staves. Joseph Sexton, of Dayton, was here last week looking up a land trade. Mr. Bryant is starting off with his singing class with fair prospects of success.

We learn that it is being circulated in the West End of the county that our superintendent, Garland Singleton, will not run well in this end of the county. In answer to this we wish to say we do not know of a man in Waynesburg magisterial district that will poll more votes March 16, or add more strength to the ticket in November. Success to the old reliable.

GUESS WHO.

MIDDLEBURG.

Grant Elliott, one of the cleverest republicans in the county and a candidate for sheriff, was here Friday, looking after his interest. Since we are to have a republican sheriff anyway democrats are glad to know that Grant is having comparatively a walk-over for the nomination.

Dr. J. M. Hancy tells us that pneumonia and grip are abating somewhat. He says there is not near so much now as a week ago. He and Dr. Wesley have been kept busy for the last three weeks attending calls and sometimes they have not been able to attend them all. We hope the worst is over.

W. T. Coulter's hogs are dying with cholera. W. T. Dye sold to W. R. Delt a 430-pound hog at 4c. J. C. Coulter has bought of J. S. Coulter his stock of hay and Jim will move to town in a few days. Col. H. H. McAninch has bought the Mack Wheat farm, near Mt. Salem, of his son-in-law, John Wesley. Mr. Wesley's health has become bad and he has decided to quit farming.

DEAFNESS CANNOT BE CURED by local application as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

W. will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Send for circular free.

The Registrar General of National Society of the Daughters of the American Revolution officially reports that during the last three years 12,759 women have become daughters, but what those who hold with Pope that "the proper study of mankind is man" want to know is, how many of those same daughters became mothers.—Louisville Times.

What most people want is something mild and gentle, when in need of a physic. Chamberlain's Stomach and Liver Tablets fill the bill to a dot. They are easy to take and pleasant in effect. For sale by Craig & Hocker, Druggists.

KINGSVILLE.

Logan Walls has built a new residence adjoining his mother's.

Kingsville is thinking of having its streets and houses numbered.

Sam Flint, deaf and dumb, is grieving over the loss of \$4, which he thinks was stolen.

Joe Johnson, of color, our only "darkie," is recovering from a severe illness. We'll call it grip.

Dr. Allen failed to fill his last appointment at the Christian church, owing to illness. We learn that he has about recovered and will preach next Sunday if possible.

Mrs. James Robinson is slowly improving. Mr. Robinson is suffering from grip. Edmund Murphy is said to be improving. John Johnson is very ill with pneumonia.

Miss Annie McKee is teaching a subscription school. She has quite a number of pupils and deservedly, for she is noted as an excellent teacher and for many noble qualities, which make her so lovable. Just her presence, we should think, would have a good influence over her school. We repeat that the Christian church has reason to be proud of its splendid preacher and would add that our town has reason to be proud indeed of its teacher.

Mr. and Mrs. Glass, of Danville, were the guests of Dr. and Mrs. J. W. Acton and other relatives here. Mrs. B. C. Pennybaker visited her daughter, Mrs. D. P. Dineen, and family at Somerset recently. Mrs. Laura Denham and her two boys, of Somerset, visited friends and relatives here last week. Mrs. G. W. Ball returned to her home in Lexington. Mrs. Rebecca McCarty, of Williamsburg, is expected soon to make her home with her son, J. M. McCarty, and children. Dr. J. L. McCarty, of Harrodsburg, is here on a visit to relatives. Dr. McCarty is about to enlist in the army as surgeon. G. M. Pennybaker and John D. Potts, railroad officials of Lexington, were here last week. S. C. Carter, of Frankfort, formerly depot agent here, was the pleasant guest of his grandmother, Mrs. Elizabeth Pearis, and other relatives here last Sunday. Another railroad "official," Mack Williams, of Burgin, was down to see his many friends last Sunday. Mr. and Mrs. W. R. Cundiff paid a flying visit to Norwood last week. E. W. Creighton and brother, J. E. Creighton, went to Somerset Tuesday on business. T. C. Waters, of Hallsboro, N. C., has returned home to attend the trial of Thomas Lee for killing his brother, Tecumseh, on Christmas day.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's Pain Balm. For sale by Craig & Hocker, Druggists.

The estate of Collis P. Huntington has just paid \$700,000 inheritance tax.

WEAKNESS OF MEN AND WOMEN

Could we read the hearts of every man and woman, what a load of sorrow and despair would be disclosed. Indiscretions and Blood Diseases have caused more physical and mental weakness than all other causes combined. They strike at the foundation of manhood; they sap the vital forces; they undermine the system, and not only do they often disrupt the family circle, but they may even extend their poisonous fangs into the next generation. If you have been a victim of early habits, remember the seed is sown, and sooner or later you will reap a harvest. If your blood has been diseased from any cause do not risk a return later on. Our New Method Treatment will positively cure you and you need never fear any return of the disease. We will give you a guarantee bound to that effect. We would warn you sincerely against the promiscuous use of mercury, which does not cure blood poison but simply suppresses the symptoms.

WE CURE OR NO PAY.

Don't Let your Life be Drained Away, which weakens the intellect as well as the body. There is no room in this world for mental, physical or sexual disease. Our New Method Treatment will Stop All Unnatural Losses, Purify the Blood, Strengthen the Nerves, Restore Vitality, and make a man of you. If you are in trouble, call and consult us. Consultation is Free. We treat and cure Drains, Blood Diseases, Gonorrhea, Stricture, Unnatural Discharges, Gleet, Kidney and Bladder Diseases. No cutting or operations. No detention from business. Everything confidential. Consultation Free. Books Free. Question Blank Free for Home Treatment.
